Choose From

- **Coral Reef Sailing program**

Your home for a week will be on a large sailing vessel over 41-feet long. During the adventure you will be sailing the Florida Keys and have the opportunity to snorkel many reef areas, including Looe Key, one of the most beautiful reefs in the Keys and part of the Florida Keys National Marine Sanctuary.

You will also have the opportunity to study astronomy, navigation, fish identification and coral reef ecology.

Join us for the *Coral Reef Sailing* adventure, and sharpen your sailing, navigational, snorkeling and fishing skills all in one.

- **Keys Adventure program**

This exciting program offers a mixture of aquatic activities that can only be experienced in the Florida Keys.

The various programs change based on weather patterns, but you can be assured of a lot of snorkeling, fishing, sailing, boating and ocean kayaking.

Your crew will be housed in air-conditioned dormitories overlooking the Atlantic Ocean and have great meals at the Brinton Environmental Center.

Weather permitting, you'll even have the opportunity to venture offshore to Big Munson Island for an overnight camping expedition, where you can explore and learn about marine life in the Florida Keys.

If you are looking for an unforgettable Florida Keys experience with a wide variety of aquatic activities, the *Keys Adventure* is the program for you.
